

CHRISTIAN R. MARCOS

Student

ABOUT ME

I aspire to secure an internship opportunity within the realm of Electrical Engineering, where I can effectively utilize my technical skills and knowledge in practical projects. My primary objective is to acquire valuable hands-on experience while actively contributing to real-world initiatives.

CONTACT

- +63 966 870 7155
- marcoschristian301@gmail.com
- Parsolingan, Gerona, Tarlac

EDUCATION

- Bachelor of technology and livelihood Education (2019 - 2020) TSU CoEd
- Bachelor of Science in Electronics Engineering (Currently pursuing) TSU CET

TECHNICAL SKILL

- Proficient in MS Office
- AutoCAD
- Matlab
- Basic knowledge in python programming
- Teamwork and collaboration
- Communication

REFERENCE

Engr. Aldrin Joar Taduran
Professor TSU

EXPERIENCE

- Work Immersion
Mayor's office (2019)
- Signage Fabricator and Installer
Tarlac City (2022 - present)
D.Art Sign Gallery

PRACTICAL PROJECT

- Amplifier
Designed a simple audio amplifier circuit using operational amplifier
- Digital Alarm Clock
Designed and constructed a digital alarm clock utilizing a microprocessor

RELEVANT COURSEWORK

- Engineering Data Analysis
- Electrical Circuits
- Electronics Devices and Circuits
- Electromagnetic
- Principles of Communication Systems
- Signal Spectra and Signal Processing
- Feedback and Control Systems
- Microprocessors and Microcontroller Systems Design
- Modulation and Coding Techniques
